ABOUT

I am a self-driven, dedicated and organised person who is always keen to learn and develop new skills. I am able to work well both in a team as well as taking initiatives on my own.

I am seeking a career transition and looking to bring my problem-solving skills, empathy and creative thinking into a new role as a front-end developer.

PROJECTS

http://www.baybe-me.me/

- Developed a childcare search engine and booking system with Ruby on Rails and PostgreSQL.
- Enabled search by location and map identifications using Ruby Geocoder.
- Participated in the whole building process with a particular focus on UI and frontend.

https://yujia10.github.io/my-little-garden/

- Designed a responsive web app for learning and shopping for plants.   -- https://www.figma.com/file/wgjeINggOVrYLwRLIGgsC6/My-Succulents-Garden?node-id=0%3A1
- Progressed comprehension on React by building the app that utilized React Hooks and React-Router.

WORK EXPERIENCE

Early Childhood Educator

Adelaide, SA   **Sep 2020 - Nov 2021**

- Created and implemented appropriate learning activities addressing all learning styles
- Collaborated with other educators to engage children and resolve challenges.

Web Localization Specialist   Apr 2013 - Jun 2018

Jiangsu Sunyu Information & Technology Co.,Ltd.   China

- Worked collaboratively with project managers and web developers throughout website/software localisation processes. Delivered 80k+ words of localised content per month.
- Led a team to work on multi-language projects for multinational companies. Provided training and coaching to junior translators.
- Collaborated with testers in QA processes to ensure style consistency and a functioning user interface.

Localization Translator   Jul 2010 - May 2012

Jiangsu General Information & Technology Co.,Ltd.   China

- Worked on software projects to deliver translation that adapts to local markets.
